

**Top of the Lake Coffee** has created a new fundraising tool for you to use to  
**Support** Merge Ministries  
**Give back** to coffee producing communities  
**Build** your ministry at the same time!

**It all begins** when your group purchases delicious farm-sourced and freshly roasted coffee at wholesale prices to sell at retail prices to the coffee lovers in your community. Each package sold will have this impact:

**Support:** Merge Ministries receives a generous portion of the proceeds from each package purchased

**Give back:** Your freshly roasted coffee is purchased from individual farmers or local cooperatives at better than the commodity index price for coffee, providing meaningful economic impact for their families and communities.

**Build:** Your group receives the difference to support mission experiences or other youth ministry projects.

**Here's how it works:**

Top of the Lake Coffee's current wholesale price is about \$8.99 per 12 oz bag (1 pound of pre-roast "green coffee"). Most groups sell the coffee for \$12 to \$14 per bag, yielding **\$3 to \$6 per bag** for your group. Coffee lovers can even choose to register for a subscription service that ships freshly roasted coffee to them at intervals of their choice, providing an ongoing stream of income to everyone involved!

Here is an example of the financial impact your group could make:

- 10 people sell 10 bags (100 bags total)
- \$110.00 goes to Merge Ministries to sustain and grow their ministries
- \$300-600 goes into your youth group's ministry fund
- Farmers who produced your coffee gain a stronger financial position for their families and community
